Kaprun High Mountain Reservoirs

A trip to marvel and discover

Snow-capped peaks, emerald-green reservoirs and breathtaking dams invite you to an adventure at 2,040 meters above sea level. Europe's largest open inclined elevator and transfer buses take you to the mountain

world of the Hohe Tauern in a relaxed manner. Take a look behind the scenes of hydropower on a guided tour and enjoy the unique panorama during a leisurely stop at the Mooserboden mountain restaurant. Plan your visit today!

¹ Modules and services

Modules A, B, C, E, F are only offered during the operating times of the Kaprun high mountain reservoirs (end of May to mid-October). Exception: Module D (info tour in the main power station) can be booked all year round.

Please note that the minimum time requirement only refers to the respective module and is only a guideline for planning purposes. Transfer and waiting times to and from the excursion destination and any additional time spent on site are not taken into account. For modules E and F (catering), the time, the number of people and the choice of dishes will be agreed with you in advance. We will be happy to assist you with the planning and prepare an offer tailored to your interests and time frame.

² Prices and group conditions

Prices valid from 15 persons. Special conditions apply for the Zell am See-Kaprun Sommercard and educational institutions from the province of Salzburg (on request).

Module A Ascent and descent

Europe's largest open inclined elevator and transfer buses take you up to 2,040 m above sea level to the Mooserboden reservoir.

Module B Dam wall tour

Discover the inside of the 107 meter high dam wall at Mooserboden with a guide.

Module C Power plant tour

Visit the main power station in Kaprun and the inside of the dam wall at Mooserboden with your personal guide.

Module D Info tour

At the Hauptstufe power station in Kaprun, you can learn interesting facts about electricity generation from hydropower all year round.

Culinary offers

The Mooserboden mountain restaurant offers regional cuisine and plenty of space. The sun terrace invites you to take a relaxing break with a view of the surrounding three thousand meter peaks.

Module E

Gastronomy - Lunch menu

Combine your excursion to the Mooserboden reservoir with lunch in the mountain restaurant. The 2-course menu consists of soup and main course, excluding drinks.

Module F

Gastronomy - Coffee and cake

Enjoy a cozy coffee break in the mountain restaurant with a coffee speciality of your choice and a piece of cake.

Arrival

The Zell am See-Kaprun vacation region can be reached via all main traffic routes: Coming from the north via the German highway A9 via Munich, from the east via the Westautobahn A1, from the south via the Tauernautobahn A10 and from the west via the A12 Inntalautobahn via Wörgl.

From Kaprun:

From the Kaprun bypass (traffic circle), follow the signs in the direction of Kitzsteinhorn and reservoirs. After approx. 2.5 kilometers you will reach the Kaprun main stage power station, the starting point for the power station tours.

VERBUND Information Center
Kaprun power plant main stage
Krafthausstraße 20
A-5710 Kaprun

Parking lot: P4, free of charge, directly next to the street.

Directions to the reservoirs:

Following the Kesselfallstraße for approx. 6 kilometers, you will reach the Kassa Kesselfall at the end of the public road, the starting point for the further transfer to the Kaprun high mountain reservoirs. Please note: It is not possible to drive up to the reservoirs in your own bus.

Kaprun High Mountain Reservoirs
Kassa Kesselfall
Kesselfallstraße 98
A-5710 Kaprun
